

Job title:	Trainee Engineer / Gas Cutter
Company:	Graham Heath Construction
Salary:	Negotiable depending on experience
Hours of work:	Full-time
Location:	Graham Heath Construction Ltd, The Old Creamery, Wrenbury Industrial Estate, Station Road, Wrenbury, Cheshire, CW5 8EX

Due to the continued success of Graham Heath Construction, an exciting opportunity has arisen for a Trainee Engineer / Gas Cutter to join our thriving team in Wrenbury near Nantwich.

This is a fantastic opportunity to work for an established and progressive company. In return, you will receive a competitive salary (negotiable depending upon experience) along with a comprehensive benefits package, which includes a company pension, free parking and generous holiday allowance.

Key responsibilities and duties:

In this workshop-based role, you will be completing a variety of tasks, including but not limited to: Welding, use of the Plasma machine, all steel work and Gas Torch Cutting for manufacturing steel framed buildings; industrial, equestrian & agricultural.

You will be responsible for manufacturing a wide range of steel components to comply with European Standards.

Desirable skills:

- Qualification in engineering (not essential as full training will be given)
- Self-motivated and able to work to their own initiative
- Good eye for detail
- Good health & safety awareness

FULL TRAINING WILL BE GIVEN.

Competitive salary – negotiable depending on experience.

Generous holiday allowance.

Great working conditions in a friendly environment & team.

Overtime always available.

Hours: Monday to Friday 7am – 4pm

To Apply

This is an exciting opportunity and if you have the passion to join our team, please apply now.
