

<b>Job title:</b>	<b>WELDER/FABRICATOR</b>
<b>Company:</b>	Graham Heath Construction Ltd
<b>Salary:</b>	Competitive
<b>Hours of work:</b>	Full-time
<b>Location:</b>	Graham Heath Group, The Old Creamery, Wrenbury Industrial Estate, Station Road, Wrenbury, Cheshire, CW5 8EX.

Due to company expansion and the opening of a new fabrication shop, Graham Heath Construction is looking for a team of welders to join the business.

**Key responsibilities and duties:**

- In this workshop based role you will be responsible for manufacturing steel framed industrial and agricultural buildings.
- You will also be responsible for manufacturing a wide range of steel components to comply with European standards.

**Essential skills:**

- Welding experience is necessary.
- Fabrication of steel framed buildings is desirable but not essential.

**The ideal candidate:**

- Ability to read CAD/Tekla fabrication drawings.
- Self-motivated and able to work on their own initiative.
- Good eye for detail.
- Good communication skills with ability to work well in a team.
- Good health and safety awareness.

**Details:**

- Competitive salary: £12.00-£14.00 per hour including bonuses
- Day shift with flexible working hours but generally 7am until 4pm Monday-Friday
- Overtime always available at time and a half
- Generous holiday allowance with 24 days plus bank holidays

**Required experience/certification:**

- Welding: 1 year.
- Mig welding: 1 year.
